

ENHANCED OIL RESOURCES INC. PROVIDES CORPORATE UPDATE

HOUSTON, June 3 /CNW/ - Enhanced Oil Resources Inc. (TSX-V: EOR) today provides the following update on corporate activity.

As previously reported the Company had engaged Tristone Capital to explore potential joint venture opportunities for the Company's interests in the St. Johns Helium and CO₂ Field in Arizona and New Mexico. Following data collection the Tristone managed data room was opened on April 14th 2009. In total, 10 Companies executed confidentiality agreements and participated in the data review in either the physical or virtual data room. The data room was closed on May 22nd. With the data room closed the Company awaits further developments from Tristone regarding communications with potential interested parties. Further updates on the process will be provided as they develop.

About Enhanced Oil Resources Inc.

Enhanced Oil Resources Inc. is an early-stage company, with two principal business segments of

- (i) Crude oil and natural gas production through enhanced oil recovery ("EOR") projects it is initiating in the Permian Basin on oil fields acquired by the Company in 2007 and 2008 for that purpose.
- (ii) Helium and CO₂ resource exploration and production through property interests it controls in approximately 251,000 gross acres of land within the St Johns Helium/CO₂ field in Arizona and New Mexico, and where the Company is developing what is thought to be the largest undeveloped helium and carbon dioxide field in North America.

Forward-Looking Statement

Certain statements contained herein are forward-looking statements, including statements relating to Enhanced Oil Resources' operations; business prospects, expansion plans and strategies. Forward-looking information typically contains statements with words such as "intends," "anticipate," "estimate," "expect," "potential," "could," "plan" or similar words suggesting future outcomes. Readers are cautioned not to place undue reliance on forward-looking information because it is possible that expectations, predictions, forecasts, projections and other forms of forward-looking information will not be achieved by Enhanced Oil Resources. By its nature, forward-looking information involves numerous assumptions, inherent risks and uncertainties. A change in any one of these factors could cause actual events or results to differ materially from those projected in the forward-looking information. Although Enhanced Oil Resources believes that the expectations reflected in such forward-looking statements are reasonable, Enhanced Oil Resources can give no assurance that such expectations will prove to be correct. Forward-looking statements are based on current expectations, estimates and projections that involve a number of risks and

uncertainties which could cause actual results to differ materially from those anticipated by Enhanced Oil Resources and described in the forward-looking statements or information. The forward-looking statements are based on a number of assumptions which may prove to be incorrect. Readers should be aware that the list of factors, risks and uncertainties set forth above are not exhaustive. Readers should refer to Enhanced Oil Resources' current filings, which are available at www.sedar.com, for a detailed discussion of these factors, risks and uncertainties. The forward-looking statements or information contained in this news release are made as of the date hereof and Enhanced Oil Resources undertakes no obligation to update publicly or revise any forward-looking statements or information, whether as a result of new information, future events or otherwise, unless so required by applicable laws or regulatory policies.

ON BEHALF OF THE BOARD OF DIRECTORS
